

# SR 704 Cross-Base Highway Project

Washington State  
Department of Transportation

The design of the proposed Cross-Base Highway (SR 704) beginning at the I-5 Thorne Lane Interchange at the west, connecting to 176th Street at SR 7 is underway. As design progresses, the Washington State Department of Transportation (WSDOT) (lead agency for the new corridor) will continue to hold monthly meetings to keep interested citizens informed of the project.

WSDOT invites you to attend either of the open house meetings to hear about the design project. Each meetings will be an informal "drop in" format with no formal presentation. These open house meetings provide the public with the opportunity to learn more about the project and to share your ideas with WSDOT staff responsible for developing the proposed design.

## For more information, contact:
